

MEMORANDUM FOR:

Mr. Colby (

Don Steininger called this morning to say that he had seen a briefing paper prepared by the IC Staff re a reorganized USIB. His comment was that, if you approve it, it will be a disaster.

Last week said he heard you were going to be briefed on a reorganized USIB and wondered if you would have time to glance at the attached which shows how it exists today. FYI: This is the book Bruce pulled together for the DCI weeks ago.
